

Serial No. 09760

STATE OF NEVADA

Stock Water ~~XXXXXXXXXXXX~~

**PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING OR WILDLIFE PURPOSES**

(1) Name of claimant James E. & Vera L. Baumann  
PO Box 308 of Eureka  
Street and No. or P.O. Box No. City or town  
Nevada 89316  
State and Zip Code No.

(2) Source of water Poison Spring  
Name of natural water source.

(3) The water is diverted by \_\_\_\_\_  
Dam, ditch, pipe line, natural channel, spring area, etc.

(4) The water is diverted at the following point(s) \_\_\_\_\_  
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land it should be stated.  
Diversion over a channel reach must be described by course and distance to a section corner for both the beginning and end of such reach.

(5) The water is impounded in Troughs  
Troughs, tanks, pools, reservoir, natural channel, etc.

(6) The construction of the ditch or other works was begun \_\_\_\_\_  
Date  
and completed \_\_\_\_\_  
Date

(7) The nature of the claimant's title to the land upon which the source of water and place of use are located is Public domain with grazing permit  
Patented, deeded, public domain with grazing permit, etc.  
Located in Shannon Station Allotment

(8) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of \_\_\_\_\_  
County, at Page \_\_\_\_\_ of Book \_\_\_\_\_ of \_\_\_\_\_

NOTE ---Failure to record in the county in no way invalidates a water right, but if water right was so recorded, supply full information under (8).

STATE OF NEVADA

Stock Water ~~Right~~

**PROOF OF APPROPRIATION OF WATER FOR STOCK WATERING OR WILDLIFE PURPOSES**

(1) Name of claimant James E. & Vera L. Baumann  
PO Box 308 of Eureka  
Street and No. or P.O. Box No. Nevada 89316 City or town  
State and Zip Code No.

(2) Source of water Poison Spring  
Name of natural water source.

(3) The water is diverted by \_\_\_\_\_  
Dam, ditch, pipe line, natural channel, spring area, etc.

(4) The water is diverted at the following point(s) \_\_\_\_\_  
Describe as being within a 40-acre subdivision of public survey, and by course and distance to a section corner. If on unsurveyed land it should be stated.  
Diversion over a channel reach must be described by course and distance to a section corner for both the beginning and end of such reach.

(5) The water is impounded in Troughs  
Troughs, tanks, pools, reservoir, natural channel, etc.

(6) The construction of the ditch or other works was begun \_\_\_\_\_ Date  
and completed \_\_\_\_\_ Date

(7) The nature of the claimant's title to the land upon which the source of water and place of use are located is Public domain with grazing permit  
Patented, deeded, public domain with grazing permit, etc.  
located in Shannon Station allotment

(8) The claimant's water right ~~was~~ (was not) recorded in the office of the County Recorder of \_\_\_\_\_ County, at Page \_\_\_\_\_ of Book \_\_\_\_\_ of \_\_\_\_\_

NOTE —Failure to record in the county in no way invalidates a water right, but if water right was so recorded, supply full information under (8).

(9) The approximate number of animals watered by the claimant during the first year 1866  
Date  
was 300 cattle \_\_\_\_\_ horses \_\_\_\_\_ sheep or wildlife (describe) \_\_\_\_\_  
The watering was conducted during each of the following months APRIL 1st thru  
November 30th

(10) The approximate number of animals watered by the claimant in subsequent years was as follows:  
about 300 hd more or less over the years;  
If water was not used, or used in reduced quantity at any time, full information as to causes and duration of non-use should be given  
but this spring has been used continuously  
~~since 1866~~ by Simpson Creek Ranch since  
1866.

(11) The amount of water which has been necessary to be diverted for this purpose has been  
1 cubic feet per second.  
448.83 gallons per minute equals 1 cubic feet per second.

(12) The works are located at SE 1/4 of NE 1/4 Sec: 12 Twn: 19N  
Describe as being within a 40-acre subdivision, section, township and range of public survey. If on unsurveyed  
Rng: 54E.  
land, it should be stated.  
G.P.S. Long: 39° 32.06N Lat 115° 50.19W

Remarks Support documents for the Chain of title  
for Simpson Creek Ranch / James E. + Vera Baumann  
are provided in Water Right's / Simpson Creek Ranch  
Vol I filed with the Nevada Division of Water  
Resources.  
Specific support documents for poison  
Spring are in Water Right's / Simpson Creek Ranch  
Vol II filed with the Nevada Division of Water  
Resources.

Remarks Water from this Spring also used  
for Irrigation by SIMPSON Creek Ranch  
This drainage is a tributary to Simpson  
Creek.

The undersigned, being first duly sworn, deposes and says that the facts relative to the appropriation of water by \_\_\_\_\_ are full and correct to the best of his knowledge and belief.

\_\_\_\_\_ If proof is not made by claimant, deponent should state on this line by virtue of what authority he represents the claimant.

~~Bar C Ranch~~  
description in this  
affidavit sets Dugarin  
Spring. This Spring  
also  
called Poison Springs  
# 1646

TO WHOM IT MAY CONCERN:

This will certify that, My Father, Angelo De Paoli was the owner of the Bar C Ranch prior to 1922 and prior to 1900. I was born on the above ranch and worked with my father until 1921.

<sup>SIGARINI SP.</sup>  
The Poison Canyon Spring situated on Newark Summit was always understood to be ours as the water came down the canyon into our Bennets Spring and finally into our ranch at the White Rock intersection. Frank Sigarini at one time did place a ditch and tried to place the water down Tallhouse Canyon to his ranch, but the water did not reach his place for irrigation purposes. Our cattle and stock used the waters from this spring for many years even prior to the 1900 period. The original channel of this water ran down the canyon towards the Bennets Springs and all waters in the spring of the year ran down that channel.

*Read*  
X  
The waters from the Angelo Billy Springs were always claimed by us as the waters came into our canyon through the mud springs section. Our cattle and stock watered at these waters all through the years that we remained on the ranch. In the spring of the year, the waters from this channel ran into the main stream above the old picnic grounds.

X  
The Spanish Gulch spring, even though taken up by Florio, was always in my estimation a water that was used by our stock and the original channel ran into our ranch, as well as the Cottonwood spring. My dad and I in the early 1900's made a ditch for the Cottonwood Spring and also brought that water into the Spanish Gulch canyon and used the waters for irrigation.

X  
I believe that the vested rights in the above-mentioned waters definitely belong to the Bar C Ranch as the waters followed the natural channels to the ranch.

Any further information I shall be pleased to give.

Very truly yours,

*James A. De Paoli*

December 1, 2008

To Whom It May Concern:

I was born in 1948 and raised in Eureka, Nevada.

From a very young age, I helped the Hunter family by working on the Hunter Ranch and riding and tending to their cattle.

Hunter's cattle grazed the surrounding mountains of the ranch from the first of April through the end of October or November depending on the weather.

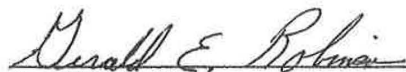

The Hunter cattle utilized each and every spring in the mountains from the Cottonwood Spring north of the Hunter Ranch; to the Fairbury Well south of the Hunter Ranch; east to the Poison Spring and west to the Rhyolite Spring.

The Hunter cattle used the water in Eureka Canyon for many, many years (and created havoc within the townsite) which surfaces below the upper slag dump at the south end of the town. The creek and additional springs surfacing within the townsite continued through the town of Eureka and ran past the depot located at the north end of town.

Richmond Spring, Bullwhacker Spring and the Milk Ranch Spring were the main springs for the southern country that were utilized by the cattle belonging to the Hunter Ranch.

It is common knowledge that the Hunter Ranch (aka Simpson Creek Ranch) utilized the range and water sources prior to 1900 to present.

Signed:

  
Gerald E. Robinson

Form 4120-10  
(December 1979)  
(formerly 4111-5)

UNITED STATES  
DEPARTMENT OF THE INTERIOR  
BUREAU OF LAND MANAGEMENT

RANGE LINE AGREEMENT

State Office	Nevada
District Office	Battle Mountain
Date	July 9, 1981

In accordance with the provisions of Grazing Regulations (43 CFR 4120.1), we, the undersigned, hereby agree to the establishment or adjustment of our respective range allotment boundaries as shown on the attached map and further described as follows:

Shannon Station Allotment

Beginning at the narrows of Devils Gate on U.S. Highway 50 near the SW corner of section 24, T. 20 N., R. 52 E., M.D.M., thence in an easterly and southerly direction along U.S. Highway 50 which is the Diamond Valley Unit boundary, a distance of about eighteen (18) miles to the district line near the SE corner of section 32, T. 18 N., R. 54 E., M.D.M., thence due north along the section line, a distance of five and three quarters (5-3/4) miles to a point on the drainage divide near the NE corner of section 5, T. 18 N., R. 54 E., M.D.M., thence continuing along the district line east and north along the drainage divide of the Diamond Range to Poison Spring in the NE corner of section 12, T. 19 N., R. 54 E., thence in a north-westerly direction up the canyon on the SW side of the road along the fence to the saddle south of Alpha Peak in the center of T. 19 N., R. 54 E., section 12, NENW, thence in a southwesterly direction following the high ridges, old bladed line and fence to a point near the center of section 11, T. 19 N., R. 54 E., thence west and northwest along the ridge south of Pastorino Canyon, thence across Pastorino Canyon and around the west side of the private ground in Pastorino Canyon, thence in a northerly direction to the east

It is further agreed that the above-described allotment boundary constitutes a fair, equitable, and practical range division, based on the respective qualifications of our dependent base property under the Grazing Regulations, and as such shall be binding upon our respective heirs, executors, administrators, successors in interest or assigns.
