I, Richard W. Forman, being first duly sworn, depose and say that this map, consisting of one sheet, has been correctly drawn to the designed scale from field notes of a survey made by me between the 14th day of November, and the 18th day of November, 1974; that it truly and correctly represents the location and extent of the works used to divert water from Cox Canyon, Telegraph Canyon and Unnamed Springs in Eureka County, by Theodore M. Thompson and Olive M. Thompson for irrigation and stockwatering purposes. That the point of diversion, the location and size of the diverting channel, the place and manner of use, the location and names of all other works or streams which are crossed by or connected with the said works, and the boundary, area and kind of culture of lands irrigated are correctly shown and designated hereon.

Richard W. Forman
State Water Right Surveyor

Subscribed and sworn to before me this 5th day of December, 1974.
