Doug and Jon,

I attended a recent Central Nevada Regional Water Authority meeting where John Ruhs gave a presentation on how BLM goes about filing for water rights. He noted that for any PWR 107 filing that there was a checklist that had to be filled out by BLM for any PWR filing based on two 1983 BLM Nevada State Office Instructional Memoranda 83-454 and 83-331 ("Public Water Rights 107 Identification and Criteria"). The checklist, attached, was also provided after the meeting by Rudy Evenson. The checklist requires items 1 through 6 to be checked off and at least one circumstance in item 7 in order to meet the criteria to be filed as a PWR 107.

We ask that you provide us a copy of the completed checklist for each of the 66 PWR claims BLM has filed in Diamond Valley.

Thanks,
