Re: Water Rights - LaBarry-Harris - United Dressed Beef Inc.
No. 02884 thru 02903, inclusive

Dear Sir:

Your letter dated September 14 asks about the year of priority of First Beneficial Use. I assumed the claimant, in article 9, was United Dressed Beef, Inc., and ~~that~~ with this in mind used the current year. If this is incorrect, I would appreciate the date being changed to conform with the rest of the information provided.

I am also enclosing an affidavit from Raymond LaBarry stating these waters have been used by the ranch for at least the last 90 years. Please file this original copy with the above list of proofs.

The Quit Claim Deed accompanying this letter should be sufficient to transfer ownership of that list of waters to United Dressed Beef, Inc. The Deed has been recorded and a certified copy is enclosed. Contact us when the transfer has been made.

If I can be of further assistance, do not hesitate to let us know.

Thank you.

Sincerely,

On 4/7/2017 the flow at the same site was only 26 gpm, (see photo next page), and was entirely from the spring versus the creek.

 large weir (fair) for 0.362 cfs / 162 gpm; water 60°F + air low 60's.
 Unlike 4/2017 measurement, all flow is from Torre Creek itself
 + not from spring feeding pond; surprising that flows are this
 much higher, but undoubtedly due to > 6" of higher elevation snow
 around Diamond PK. + draining [±] into Torre CK.
