Permit 88300, which is currently held in the name of the Kyte Family Trust, was cancelled as of March 30, 2023. This permit was cancelled for the Permittee's failure to timely file the Proof of Beneficial Use and its supporting Cultural Map or an Application for an Extension of Time as provided under Nevada Revised Statute (NRS) § 533.410. The State Engineer has received a written petition from Bob Ghetto requesting a review of the cancellation at a public hearing, pursuant to NRS 533.395(2).

NOW THEREFORE, the hearing will begin promptly **at 11:00 a.m. Thursday, February 29, 2024, at the Division of Water Resources, Pyramid Conference Room, 2nd Floor, 901 S. At the voice prompt, connect to the meeting by entering the Phone Conference ID: 630 172 070#. Failure to appear at the designated time and place will result in an affirmation of the State Engineer's cancellation.

You or your designated representative should plan to attend for the purpose of presenting evidence or testimony in support of your position concerning the cancelled permit. You are expected to come to the hearing with an original and one copy of any exhibit that is being offered into evidence for submission to the State Engineer.
