Total number of users: <u>679</u> Total use days: <u>1632</u>

Road Counter Total: 575

## Quality Code (QC)

- 1. Data are estimates based on general knowledge of wildlife populations and public activity on the area.
- 2. Data are estimates based upon or projected from samples of checks taken at random.
- 3. Reasonably accurate data based on check station, road counters, etc., operated full time or at regular intervals.
