of Application Number 53988, filed on October 17, 1989

by The Las Vegas Valley Water District
Printed or typed name of applicant to appropriate the

waters of Underground situated in Lincoln
Underground or name of stream, lake, spring or other source

County, State of Nevada, for the following reasons and on the following grounds, to wit:

The use of current or local entities will deplete any available water.
The Division of Water Resources has already denied water
appropriation in this basin. Appropriation and use of this
magnitude will lower the water table and degrade the quality
of water from existing wells, cause negative hydraulic gradient
influences, further cause other negative impacts and will
adversely affect existing rights adverse to the public interest.

THEREFORE the protestant requests that the application be denied
(Denied, issued subject to prior rights, etc., as the case may be)

and that an order be entered for such relief as the State Engineer deems just and proper.
