Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in eastern Nevada by draining their resources and those in Southern Nevada who will be forced to pay for an expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project. Please encourage SNWA to do more with water efficiency and to permit and encourage water harvesting, and on-site treatment and reuse to curve down the potable water use of southern Nevada.

Thank you.
