State Engineer Jason King, State Engineer
NV

Dear State Engineer Jason King State Engineer King, State Engineer,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

Please help the Southern Nevadans who are trying to get by everyday at this time of recovering from recession by not increasing any water bill cost so WE DO NOT NEED THIS WATER GRAB PIPILINE .

Please hear us.

Thank you,

Alicia and Bill Graves
2120 Surrey Lane
Las Vegas, NV 89119

Sincerely,

Alicia/William Graves
