

Water Pipeling Comments <nsepipelinecomments@gmail.com>

Please deny the demand from the Southern Nevada Water Authority for groundwater rights in White Pine and Lincoln counties.

Jason King
NV

Dear King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

It's important for me that the Great Basin water stays in the Great Basin. Nevada is a dry state, and at some point I would hope lawmakers would understand that. We need to protect our land and the wildlife. I hope you'll agree.

We urge you to deny the applications filed by the Southern Nevada Water Authority and support the best interests of all of Nevada.

Sincerely,

Debra Bennett
