Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in eastern Nevada by draining their resources and those in southern Nevada who will be forced to pay for expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project. I have lived in this valley for more than 20 years and cannot beleive the stupidity of this even being considered. Let's start being pro-active by controlling growth instead.
