Mr. King

Southern Nevada Water Authority's "Water Grab" comes with a \$15 billion dollar price tag in addition to the permanent negative impacts on our wildlife and the landscape in eastern Nevada. These costs will be passed on to the ratepayers.

In these tough times, businesses cannot afford to pay double the amount on their water bills, nor can southern Nevadans pay triple on their residential water bills.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project.
