Jason King  
NV

Dear King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

I oppose SNWA's application to import water from central Nevada to the Las Vegas area. It is totally beyond me how the importation of water will refuel growth and development in southern Nevada given the current rate of employment and foreclosures. Please don't grant SNWA's request because it will forever harm the areas in central Nevada that now rely on that water.

Jean Stoess, Chair  
Toiyabe Chapter  
Sierra Club

I urge you to deny the applications filed by the Southern Nevada Water Authority and support the best interests of all of Nevada.

Sincerely,

Mrs. Jean Stoess  
1600 Royal Dr  
Reno, NV 89503-3550
