Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in eastern Nevada by draining their resources and those in southern Nevada who will be forced to pay for expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project.

Suggest tot he southern California folks to build bigger and larger capacity de-salination plants and stop sucking the Colorado River for the over populated LA area.

Also with the number of vacant homes in Southern Nevada do you think this is even needed at this time, or in the suture, the Vegas growth has stopped and it is becoming a ghost town.

I don't want it, neither do the people in Vegas so why proceeded. STOP THIS NOW.
