Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in Eastern Nevada by draining their resources and those in Southern Nevada who will be forced to pay for expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project.

This is not cost effective or necessary. We should move Industry, jobs and people to the resource. Nevada has resource like raw materials, water, air and space to grow, but not in Las Vegas
