State Engineer Jason King  
NV

Dear State Engineer Jason King State Engineer King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

Towns like Ely should not have their water removed to Las Vegas. Ely produces agricultural products that add diversity to Nevada's economy that is too heavily dependent on gaming. Support economic diversity for our state and don't give Vegas this pipeline.

Sincerely,

Margo Memmott  
Yori ave  
Reno, NV 89502
