Mr. King

Please deny SNWA's request for water rights in the Great Basin.

Only if we begin building houses again will we need this water, and the powers that be say that will be another 20-30 years for that to happen. They will be needed to use the water, as the casinos only use 7%, while we people use the most.

Get real, we are NOT ready for growth. We can't afford your crazy ideas.
