Mr. King

Southern Nevada Water Authority's proposal will risk the livelihood of both those in Eastern Nevada by draining their resources and those in Southern Nevada who will be forced to pay for expensive project.

Please deny SNWA's request for water rights in the Great Basin.

Nevadans cannot afford this project.

As a graduate of the University of Nevada, Reno, I consider myself an educated man. My opinion is that this project will change the natural ecology of Nevada. I oppose this.
