State Engineer Jason King  
NV

Dear State Engineer Jason King State Engineer King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

I think the water grab from Great Basin for Las Vegas is unnecessary. We should be doing more to conserve and limit growth.  
Mary Grego-Smith

Sincerely,

Mary Grego-Smith  
7416 Bush Garden Ave  
Las Vegas, NV 89129-5976
