

TO STATE ENGINEER

DEC 3 2011

I AM WRITING THIS LETTER TO VOICE MY CONCERNS WITH THE PLANS FOR THE PIPE LINE TO PUMP WATER FROM CENTRAL NEVADA TO LAS VEGAS. I DON'T THINK CENTRAL NEVADA SHOULD PAY THE PRICE FOR LAS VEGAS TO KEEP GROWING.

I WORKED FOR CLARK CO. SANITATION DIST KNOWN NOW AS CLARK CO. WATER REC. DIST. FOR 26 YEARS I HAVE SEEN WATER WASTED, THE GROUND WATER INFLOWTRATION IN THE MAN HOLES AND SEWER LINES WOULD SUPRISE ALOT OF PEOPLE, SWIMING POOL EVERY WHERE, GOLF COURSES ALL OVER TOWN, TWO WATER PARKS BEING BUILT DOES THIS SOUND LIKE A TOWN THAT NEEDS ADDITIONAL WATER SOURCE.

I WOULD LIKE LAS VEGAS TO BETTER USE THE WATER THEY HAVE, RECLAME WATER IN FIRE HYDRANTS ~~AND~~ GOLF COURSES AND PARKS.

I HAVE A HOME IN LAS VEGAS AND A HOME IN PANACA, WHEN I AM IN LINCOLN CO. I SEE NO GOLF COURSES NO WATER PARKS NO MAN MADE LAKES. ETC THE WATER I SEE GOES TO RANCHS AND FARMS.

LAS VEGAS NEEDS TO LOOK AT DESALINIZATION NOT THE PIPE LINE.

LET CENTRAL NEVADA KEEP IT WATER,

THANK YOU
William David Jander
