State Engineer Jason King, State Engineer  
NV

Dear State Engineer Jason King State Engineer King, State Engineer,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

Absolutely not. That pipe line is a disaster in more ways than one. I can't believe anyone would seriously consider it. Don't do this.

Sincerely,

Ralph Bennett  
4635 Spitfire St  
Las Vegas, NV 89115-2543
