STATE ENGINEER  
CARSON CITY, NEVADA

Dear Mr. King,

Knowing this is the result of a “water theft” from Owens Valley, California:

How can you possibly support the water theft from the Great Basin of Nevada and Utah?!!! I am also attaching a copy of a satellite view from Yahoo maps! This is surely enough evidence for stopping any water grab from Northeastern Nevada or anywhere in the North!

Sincerely,

  
Sally A. Bilyeu
