Subject: A 300-Mile Pipeline is Not the Answer.

Dear Jason King,

Great Basin National Park should not be threatened by the need of Las Vegas for water. It is a treasure in our national park system! Plans to pump millions and millions of gallons from this area greatly threaten it.

I appeal to you, Mr. King, to reject plans to pump and move water from one location in Nevada more than 300 miles to Las Vegas. I appeal to you to respect Nevada's sole national park and make certain the park's resources are sustained for generations to come.

Thank you.

Sincerely,
Mrs. Susan Brooks
