Jason King  
NV

Dear King,

We believe the scientific information is overwhelming: Draining 50 billion gallons of groundwater from the Great Basin would devastate Native American communities, rural economies and wildlife habitat over a huge area.

Further, the families and small businesses of Las Vegas, recovering from a brutal recession, cannot afford the huge price tag for this project.

It's important for me that the Great Basin water stays in the Great Basin because of the irreplaceable resource that we have in the Great Basin. My family and I have spent many hours enjoying its natural beauty.

As a resident of Las Vegas, I believe we need to look to water conservation rather than depleting our water resources.

I urge you to deny the applications filed by the Southern Nevada Water Authority and support the best interests of all of Nevada.

Sincerely,

Mr. Jonathan Blake  
4513 Cool Valley Dr  
Las Vegas, NV 89110-2308
