

**Weber Reservoir Operation**  
 Check reservoir releases for current day

Weber Reservoir Data (end of previous day)			
Date	6/6/2012		
Stage	4208.5	ft	
Total storage	11,080	ac-ft	
Program Water storage	56	ac-ft	
Remaining reservoir capacity	1,920	ac-ft	
Maximum total allowable release	5,586	cfs	
Maximum Program Water allowable release	28.2	cfs	
Weber Reservoir Releases (current day)			
Targeted Releases			
Program Water release	<input type="text" value="50"/>	cfs	TPW <sub>webout</sub>
Irrigation Water release	<input type="text" value="50"/>	cfs	TIW
Non-Program Water flood control/reservoir maintenance release	<input type="text" value="0"/>	cfs	TNR
Release Calculations			
<b>The following will be determined by the Operator.</b>			
Date	6/7/2012		
Flood Control/Reservoir Maintenance release	<input type="text" value="0"/>	cfs	
Program Water FC/RM release	<input type="text" value="0"/>	cfs	
Non-Program Water FC/RM release	<input type="text" value="0"/>	cfs	NR
Program Water normal release	<input type="text" value="50"/>	cfs	PW <sub>webout</sub>
Irrigation Water release	<input type="text" value="50"/>	cfs	IW
Total Release	100	cfs	
Total Program Water release	50	cfs	

**Total Water release okay** Check against maximum allowable release and available storage.  
**Release exceeds Program Water storage!** Check against PW storage.
