Subject: Water protest

Good Morning Jason,

I have been told that our (Julie & John Gianoli) 2010 protests will not be honored during the 2011 proceedings. Given that the protests if refiled would be on the same SNWA filings it appears wasteful to require additional protests with their \$25.00 associated fees. Obviously, wasteful is nothing we can afford particularly at this time in this country and state. Appreciate you consideration in allowing our protests to be utilized in the 2011 hearings.

Thank you

John C. Gianoli
