Official Use Only: Permit # _____ Well Log _____

**STATE OF NEVADA
WATER RESOURCES DIVISION
TEMPORARY WELL USE NOTICE & AFFIDAVIT**

Print name of Owner of the property described above.

I fully understand that the temporary permit that serves the property listed above may be revoked if and when water can be furnished by a public entity such as a water district or a municipality, and the property served by such water is within the distance specified in Nevada Revised Statutes (NRS) 534.120. In addition, the pumpage from the well must not exceed the amount set forth under the temporary permit. Also, if a water line is located within the distance specified in NRS 534.120 from the property line of any parcel described under the temporary permit and the existing well needs to be re-drilled or have work done requiring the use of a well drilling rig, the State Engineer may deny a request to perform this work and may require the present or future property owners under this temporary permit to connect to the municipal water system.

If the request for said work is denied, it is understood that I and the other property owners under this temporary permit will be required to connect to the water system and pay the necessary connection costs as well as the costs to plug and abandon the subject well. There are significant costs involved in connecting to a municipal water system and plugging of a well. The proper authorities should be contacted for estimates of those costs.

Pursuant to NRS 534.125, this notice and affidavit will be recorded with the Clark County Recorder in the same manner as conveyances affecting real property are required to be acknowledged and recorded pursuant to Chapter 111 of NRS.

Furthermore, a copy of this affidavit shall be furnished to any subsequent purchaser of this parcel prior to the time the sale is completed. Prior to any sales activity, you should contact the Nevada Division of Real Estate to determine the applicability of NRS Chapter 119, The Land Sales Act, as it relates to this parcel.
