Notice to the Public: Updated Form 4041 Now Available

The Nevada Division of Water Resources (NDWR) has released an updated version of [Form 4041](#), *Affidavit to Relinquish Water Rights in Favor of Use of Water for Domestic Wells*. This updated form replaces the previous version and is now available on the NDWR website.

The revised Form 4041 was developed to be easier to understand, eliminate redundant information, and better address unique circumstances. It is also more suitable for official recording with the county.

Key Points:

- Please begin using the updated Form 4041 immediately.
- NDWR will continue to accept the older version of the form during a transition period.
- **Beginning January 1, 2026, the old version of Form 4041 will no longer be accepted.**

We encourage the public to download and use the new form from the NDWR website and reach out with any questions during this transition.
