

# WATER USE ESTIMATIONS AND PROJECTIONS

---

## Historical Water Use (discussed last meeting):

- 2021 Statewide Groundwater Pumpage Inventory Report initiated

## Population and Water Use Projections:

- We anticipate that this section will have a limited scope for this iteration of the plan; no funding for contractors
- State Demographer's population estimates
- UNLV Center for Business and Economic Research
- Consider estimates provided in local water resource plans
- Consider approaches used in other state plans
- *Other ideas for approach, resources, data?*
