

FORM 4041—Relinquishment Guidelines:

Form must be filled out in ink pen or typed. Nevada Division of Water Resources website: water.nv.gov

Please contact our office at (775) 684-2800 if you have any questions or need help filling out the form.

1—Print or type the name of the person who will be signing this affidavit.

2—Print or type the name of the owner(s) of the water right. Only list the owner(s) who own the portion(s) of the water right being relinquished. Please note if these owner(s) are not listed as a current owner within the Nevada Division of Water Resources ownership records for this water right a Report of Conveyance will need to be filed and confirmed to update our ownership records before action can be taken on this request. The name on the Relinquishment must match exactly as it is on the deed.

3—Enter the water right permit number and enter the certificate number if applicable.

4—First enter the total amount of acre-feet annually to be relinquished. Then enter the number of existing parcels for which the water is being relinquished or enter the number of new parcels being created.

5—Please leave #5 blank if the existing permitted place of use to be relinquished is **not a certificated irrigation right**. If the water right being relinquished is certificated, enter the portion of the Certificated place of use to be stripped/removed from irrigation production. Please list the Assessor Parcel Number(s) within which the area is being stripped/removed.

6—If water to be relinquished is from a certificated irrigation water right, provide a map depicting the location of the acreage to be stripped or removed from irrigation. This map must be prepared by a licensed Water Right Surveyor to the standards of the Nevada Division of Water Resources's Guidelines and Rules for the Preparation of Water Right Maps.

7—Enter all quarter quarter sections, section, township and range of the parcel(s) being created or allowed a domestic well. This description should match the accompanying tentative and/or final parcel map and include the County Assessor Parcel number(s).

8—Attach an 8½ X 11-inch copy of the tentative and/or final parcel map. For a tentative map indicate which parcel is the "parent parcel" (also known as the original parcel) and which parcel(s) are new. The original parcel is the parcel that already has a domestic well or currently has the ability to drill a domestic well. Please see NRS 278.466 for map standards when preparing an original map.

9—Water will remain permanently reverted to the source if a final subdivision or parcel map is not recorded within 18 months after the approval of the State Engineer. A petition can be filed with our office prior to the 18 month deadline to request the water be reverted back to active status under the base right.

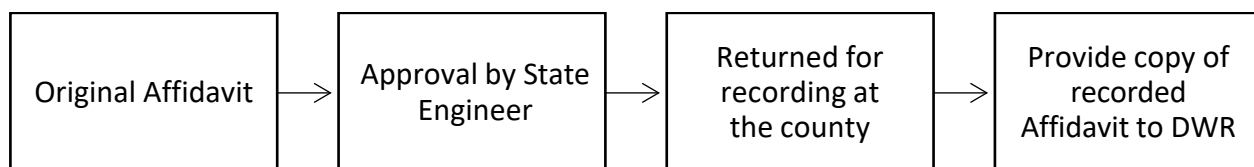

10—This Relinquishment is final and cannot be reversed once the final subdivision or parcel map is recorded.

11—Provide the State Engineer's Office with a copy of this recorded Affidavit to Relinquish including the 8½ X 11-inch map(s), which shall be recorded with the county recorder and submitted to our office within ninety (90) days from the approval date of the State Engineer. If not recorded and submitted to our office within ninety (90) days, then this Affidavit is void and will revert to the base right.

Affiant must sign in front of a notary. **Affidavit Signatures must all be original.**

Please mail or deliver the Affidavit to Relinquish to the following address with a check made out to the Nevada Division of Water Resources in the amount of \$300.
